

770

GAMEFISHER

Introducing the upgraded Surtees 770 Game Fisher XL — a refined blend of offshore performance, innovation, and comfort, built for those who expect more from every trip.

At 7.7 metres with a recommended 250–350HP, the 770 XL delivers the capability and presence of the flagship 800 in a more towable 2.5m-beam package — combining big-boat confidence with true trailer-boat freedom.

Step through bifold glass doors into a thoughtfully designed cabin featuring a double diesel cooker and heater, drawer fridge, hot and cold sink, generous dry storage, and a rise-and-fall table that converts to a third berth. The extended cabin provides comfortable seating for up to four, while the open deck layout easily accommodates up to eight on board.

Drawing inspiration from the 800, the 770 Game Fisher XL includes a recessed anchor well and Seadek as standard, alongside a helm ready for a 19" sounder, radar options, and fully customisable electronics and engine packages.

Big on performance, refined in comfort, and backed by a 10-year hull warranty — the Surtees 770 Game Fisher XL raises the bar once again.
